

Elevate Leadership Communication, Teamwork, and Results

Kim Kerrigan – Founder & CEO Pinnacle People and Leadership Solutions

Say It Like You Mean It - What Happens When Leaders Communicate With Intention

This program is perfect for:

- Diverse (Associations & Corporations)

The audience will:

- Learn how to apply DISC to manage, motivate, and increase employee engagement.
- Reveal your strengths, your behavior under stress, and discover new ways to inspire and drive your team.
- Receive actionable and practical insights you can use immediately with your staff to build a stronger and more effective team.

Everyone you encounter is motivated differently, communicates differently, and views tasks and relationships differently. What if you could tap into your (and your teams) greatest motivations and dramatically improve your relationships and accelerate your results? Attendees will understand how others are different and how to work with each personality.

Your individual personality affects every aspect of your life. That's why one of the best things you can do to grow yourself and others is to understand your personality and what naturally drives you. When you recognize your strengths and weaknesses, you can give your best as you work with people around you.

This workshop will help you build a stronger team that communicates, appreciates the style of others, and works well together.

Can you get along with anyone, even if you're not a "people person"?

Everyone you encounter is motivated differently, communicates differently, and views tasks and relationships differently.
